

Area Home Could Be Condemned

THE CUSTOM BUILT HOME which Aguirre built himself with the help of his brothers, faces Placentia Avenue near Yorba Linda Boulevard and backs up to the large Gemco Shopping Center now building in Fullerton. The fate of the home is in doubt as it has come under possible Redevelopment Agency proceedings by the city of Fullerton.

Joseph Aguirre, native born Placentian, on the occasion of his 51st birthday last week, sat in the home he had built with his own hands and wondered where he and his family would be a year from now.

All around the attractive Aguirre home continues the mammoth construction job of building an expansive Gemco Shopping Center on the eastern limits of the city of Fullerton.

Aguirre's dilemma stems from the fact that at times unbenownst to him, he has become the object of a Fullerton entity called a Redevelopment Agency, which has the awesome power to take private property and recycle it through to another private party, under certain specified conditions.

"I understand condemnation proceedings," Aguirre affirms, "when it's for a school, a park or a street, but when did it become legal in this country to take a man's home to sell at a loss to benefit a private developer? What happened to my

constitutional rights? We're supposed to be a country of freedom."

"Besides, I don't want to sell my property."

Aguirre, a noted athlete in his undergraduate days at Valencia High School in Placentia, held the school's shot put record for 19 years and was a letter man in football and baseball. He later played semi professional ball. Aguirre now is a master carpenter and foreman for his company.

The home at 1805 Placentia Avenue, near the apex of Placentia Avenue and Yorba Linda Boulevard in Fullerton, he built himself in 1957. Brother Fred Aguirre, a former Mayor Pro Tem of Placentia, did all the masonry work on the house, inside and out and another brother, Frank, did the extensive tiling throughout the house. Over 2,000 square-feet in size, the house sits on almost one-third of an acre, sandwiched between a Shell Service Station and the encroaching

Dr. Yates Elected President

Dr. William A. Yates was again elected president of the Board of Trustees of the Placentia Unified School District, succeeding Mrs. Jean Pappas, the first woman president ever named by the board.

The election was held Monday night.

Dr. Yates, department manager of the Radar Systems Department of Hughes Aircraft Company, Fullerton, was recently reelected to his PUSD seat in district election along with Mrs. Pappas and Salvador Zavala, previously clerk of the board. Dr. Yates has been serving as vice president.

Zavala was named vice president of the board Monday night and John Balducci chosen clerk. Balducci served as president before Mrs. Pappas and was preceded by Dr. Yates.

PUSD Board Cuts Own Allotment

Members of the Placentia Unified School District Board of Trustees in unanimous vote Monday night, voluntarily cut their meeting allowance in half and halved their monthly allotment.

Board members less than a year ago approved a policy that would compensate them \$30 for a regular or special meeting, not to exceed \$120 a month as their only source of compensation for expenses other than conventions or special meetings.

The allowance was sanctioned by Assembly Bill 1489.

Monday night the board said they believed the amount to be more than they required to meet expenses of attending meetings and other special activities, and voted to adopt in one reading that the allowance would instead be cut to \$15 a meeting with a maximum of \$60 a month.

YOUNG DEAN Raymond Brown with his mother Jeanette, in their Placentia home, shows fascination with the American camera.

Dean Brown, New Placentia Citizen

Vietnam is more than a name to young Thanh Chiem Tran. Until a week ago, it was home.

And what transpired the first 2½ years of his young life, may remain forever a secret...unless at some later date he may recall...and wants to.

Thanh Chiem Tran, the son of an American soldier and a Chinese mother is now happily at home in Placentia, with an adopted mother and father who plainly love him and hope to be the means of his having a rich and full life.

The transplant appears to have had only good effects on his young person.

This week, a slight cough, which is being treated with penicillin, failed to dampen his exuberant young spirits as he thoroughly investigated his new parents' home, showed delight with attractive toys friends and parents have provided for him, waved and said his first English words... "bye-bye" and "even had a bit of a temper tantrum," his mother Mrs. Jack (Jeanette) Brown reports.

All music to a new mother's ears. Thanh Chiem Tran is now Dean Raymond Brown and declared already to be "his daddy's boy."

Such normal behavior is delight to [Continued on Page 2]

Airport Bill Advances A Step

Assemblyman John V. Briggs (R-Orange County) announced today that AB 37 has passed one more milestone in the legislative process. The bill, which calls for an election on the proposed Chino Hills Airport, was recently approved by the Assembly Local Government Committee, and today met success in the Assembly Revenue and Taxation Committee.

Briggs stated, "It is obvious there is a need for this legislation.

Presently, the proposed Chino Hills Airport need only be approved by the County's Airport Land Use Commission, thereby depriving the residents of the affected counties a voice in this matter.

"My bill will require the Orange County Board of Supervisors, upon receipt of a proposal for construction of the Airport, to call an election to be held within a radius of seven-and-one-half miles of the center point of the landing and

take-off areas of the proposed airport."

Briggs concluded, "It has always been my belief that the people should have a voice in such crucial decisions. My bill will give this choice to the residents of the involved counties. It will soon be on the Assembly Floor, and I have every confidence that AB 37 will make its way through the Senate and will be on the Governor's desk for approval in the near future."

Do What the Pisans Do

The leaning tower of Pisa leaned a little closer to Placentia last week and for a few days it looked as though Mr. and Mrs. Roderic (and Cheryl) Schmidt might be on their way back to Italy to view the famed

circular building once more.

The Chief Judge of Pisa had issued a writ of summons to Mr. Roderic Schmidt, requesting his presence in court. There was even an indication that he was needed

badly enough that his expenses there would be paid.

The summons here produced some consternation. It had been five years since the Schmidts had been in Pisa. And that was for a brief whirlwind vacation when Schmidt was stationed in Germany with the

Classifieds Seek 5% Raise

A first 1975-76 proposal by classified employees of the Placentia Unified School District was made Monday night to the Board of Trustees, including a petition for a 5 per cent level increase in wages, effective July 1, 1975.

Teachers, who made their first proposal last month to the board, asked for an across the board cost of living increase, but refrained from specifying any particular amount.

The classified employees' 4-page proposal covers a wide range of concerns including a cost of living contingency fund, call-out adjustment, transportation reimbursement, shift differential and an hourly base rate.

The proposal states: "We propose that we return to the hourly base rate of 168 hours per month," among other conclusions.

Other economic issues in the statement include an increase in fringe benefits from \$600 to \$800; fringe benefits for part time personnel range adjustment and

health and welfare benefits, including an insurance package covering medical, dental and life insurance.

The employees also ask for flextime: "Employees would come to work any time between 7 a.m. and 10 a.m. and go home whenever they have put in their 8 hours. Each employee could suit his starting and quitting time to his personal needs, although all would have to be on duty during a 'core' period between 10 a.m. and 3 p.m. Lunch time would also be flexible--and could be as long as an hour and a half."

The proposal also seeks possible retirement at 55 with fully paid health insurance and a vacation schedule that would provide 12 days off between 1 and 4 years; 13 days, 5 to 9 years; 15 days, 10 to 14 years; 18 days, 15 to 19 years and 22 days at 20 years.

Seven days must elapse before the PUSD board can answer the proposal and law requires that the answer be made publicly.

Buildings Eyed For Recreation

A large building in the Cross-Roads Shopping Center, Fullerton, which housed the Grants City Store, recently vacated, is being eyed as a possible bowling alley site, a local realtor said this week.

The realtor said also that the building might conceivably be converted into both a roller skating rink and a bowling alley because of its tremendous size, more space than a bowling alley by itself would require.

Other inquiries concerning the large structure have come from sporting supplies companies and other businesses of a recreational nature.

Placentia's Little League Has A Girl

Placentia's 1,000-boy Little League, has something completely new this year--a pretty bright eyed, 9-year-old, pony-tailed girl.

Miss Cindy Ehlers is more than happy to be a pioneer. In fact it was all her idea.

Cindy is now a pitcher-second baseman for the Placentia Little League Minor B Eagles.

"She's a darn good little ball player," an observer at the game Saturday evaluated. She does a good job."

How Cindy got into Little League has something to do with her family and even where she lives, but mostly because she heard President Gerald Ford say on television that girls can play in Little League.

"If the President of the United

States says its true...it must be true," Cindy advised her father, Jack Ehlers, who this year is a coach for the Eagles. "And I want to play."

The idea was not received with undue enthusiasm by Little League

officials who felt facilities were inadequate for girls.

"Where's the facilities?" her Dad replies. "There aren't any anyway."

Dale Robinson, the manager of the Eagles chose Cindy in the draft and she became a full-fledged

member of the team...blonde pony tail flying.

She pitches and plays second base with equal enthusiasm and a painful slide into home plate Saturday caught her tagged out.

[Continued on Page 2]

PLACENTIA'S FIRST GIRL Little Leaguer, anticipates the ball as it approaches the plate and prepares to swing. A third grade student at Wagner Elementary School, Cindy easily made contact with the ball and snapped it resoundingly into the outfield. Little League games are well attended.

MISS CINDY EHLERS and her cheering squad...her family. In back, Dad, who is coach of The Little League Eagles, Jack Ehlers; Jack, Jr., who is a pitcher in the Little League majors for the Phillies; uncle Bob Ehlers. In front, mother, Diane Ehlers, Cindy and her grandmother, Mrs. Mildred Ehlers.

ROUNDING THIRD, Cindy is on her way to home plate and another score for The Eagles, a Minor B team in Placentia's Little League. Cindy is the first girl to play in the over a thousand-member boys' league, in which she is now a pitcher, third baseman and a good hitter.

infantry, and had taken a short leave to view a little more of the continent. Pisa, however, he and Cheryl remembered well. Their daughter, Lisa was 4½ months old and viewing Italy from a stroller. They parked their Volkswagen ("a car in a grave state of disrepair") by the tower and went sightseeing.

When they returned, the automobile was surrounded with people and two Italian policemen, who spoke no English. The Schmidts spoke no Italian.

"My German was as bad as my Italian," Schmidt recalled, "and besides they didn't know German."

With some informal translations by friendly bystanders, they pieced together that the police had caught someone ransacking their ancient Volkswagen. They were to follow the officers to the police station and sign a complaint.

"It was over my head," Schmidt recalled. "They told me to sign a complaint and I did what I was told."

The Schmidts never saw the alleged culprit and proceeded to forget all about the incident until the summons arrived.

The summons was an order to appear in court "to be examined in criminal proceedings."

There was also mention made "of charging all expenses on the Public Treasury and a reference to a friendly Consulate General in San Francisco."

The Schmidts became concerned for the man who was apprehended and wonder what his fate has been through five long years of slowly concluding justice.

But it appeared this week that they may never know exactly. A trip to the office of the Italian official in Los Angeles revealed that round trip expenses would indeed be paid to Pisa, but on a good old American plan. Fly now. And the Italian government pay later.

Remembering the fate of their car's trespasser and the years between the arrest and the summons, the Schmidts became a little concerned.

That kind of reimbursement from the Italian government could put a rather severe strain on their modest budget for the month of April!

MR. AND MRS. RODERIC SCHMIDT contemplate their important mail from Italy.

SALVADOR ZAVALA has been chosen as President of the North Orange County Community College District Board of Trustees at their recent election. He has served on the board since the district was founded.

Little League

The first base umpire disagreed—"She was safe," he stated. But no protest was made and the out stood. Next time at bat, Cindy came into home standing up. But the Eagles still lost by two points.

Cindy explains that her interest in baseball goes back as far as she can remember. The Ehlers' home backs up to Wagner School and the school grounds have been there available for unending practice.

"She's always playing baseball," her Dad reports. "She always has."

Cindy's skills are evident to even a casual observer and may be a great loss to the across town group—the Bob-Etts, who play softball, strictly for girls. Cindy just might have

agreed to play softball, but she's two years too young for the Bob-Etts, who start two years later. That meant two years out of the sport she obviously excels in and enjoys.

"I think she'll probably switch to Bob-Etts when she's eligible," her Dad believes. "At least that's the way it looks now."

In the meantime, pretty 9-year-old Cindy Ehlers keeps right on pitching strikes, hitting balls and marking up runs...every bit as happy as though she were a boy.

And when you ask the rest of the Eagles if they have a girl on their team, the answer is a very flattering...."Yaaaaaaah!"

Yates President

[Continued from Page One]

Zavala, who has the longest tenure of any board member of PUSD also has served a number of years. Zavala was among the individuals who founded the district.

Other official designations Monday night included electing Trustee John Press as the district's representative in nominating county committee on School District Organization members and the selection of Dr. Yates as PUSD representative on the North Orange County Regional Occupational Program board.

John O. Tynes, Superintendent of Schools of the PUSD was named as Secretary to the board.

On his election, Dr. Yates told the capacity crowd in the PUSD board meeting room that "it has been a pleasure to work with this board over the past several years. It's a hard working, diligent board."

"It is a pleasure serving in this community. It is really exciting for me to work with a staff such as we have."

Dr. Yates spoke of Mrs. Pappas' service with praise: "We want to thank Jean for the good job she has done in presiding over the past year. And thank you for the confidence you have in me," he told other members of the board.

Town Hall

The Placentia City Council will hold another in a series of Town Hall Meetings to promote dialogue with Placentia citizens.

The upcoming meeting will be held at 7:30 p.m., Tuesday, April 29 at Morse Avenue Elementary School, 431 East Morse Avenue in the school's All Purpose Room. The public is cordially invited.

the Browns who have wished for a child for 13 years and sought Dean long before the current tragedy in Vietnam.

"He was very active his first day here," Mrs. Brown reports. "We had some uncertain moments, though, when the one plane crashed with children aboard. We were afraid he might be on it."

After the Browns first received Dean's picture, they were told it would be two months before he would arrive. But the sudden acceleration of the war turned that into a few days and Dean was here before they had opportunity to buy clothes for him, a situation being immediately rectified.

But young Dean's advent into his Placentia home is a two-way street. The Browns are already talking about August 22, 1975, which will be Dean's third birthday and the party they're planning.

And then there's Christmas. That's certainly going to be a big event at the Jack Brown home this year.

Dean is one of the healthiest of the youngsters to come over in his group from Vietnam. In his brief stay in the United States he has shown few problems except a slight fear of going to sleep alone at night.

"He's a very normal little boy," Mrs. Brown says happily.

There are many children in the Brown neighborhood for playmates for Dean, as soon as his cough has cleared and he is able to go out and play.

There are no loud strange noises,

no signs of war or battle. Instead a quiet neighborhood with pleasant homes and stately trees. It must be a far different world from that young Dean has known before.

Dean's diet until now has been a quantity of rice. Carefully, Mrs. Brown is introducing her young son to such delights as soup,

cream-of-wheat and a lot of fruits.

"You should see the smile on his face when he's given a banana," Mrs. Brown says happily.

Vietnam is now half a world away from young Dean Brown. He does not appear to miss it. He shows a very happy contentment in his new surroundings.

Terry Harman Selected As Miss Azusa

Terry Harman, 21, a former Miss Placentia and student at Citrus College in Azusa, was chosen as Miss Azusa in a pageant Saturday night and will compete in the Miss California Pageant in June.

Miss Harman, who also attends Fullerton College, was selected as Miss Placentia in 1972, and was later named Miss Orange County.

The daughter of Mr. and Mrs. Harman, Placentia, Miss Harman in the Azusa contest received a \$400 scholarship and a \$500 wardrobe. The June California contest will be the first time she has participated at the state level. The winner of that contest will compete in the Miss America Pageant in Atlantic City.

Miss Harman's talent number for the Azusa Pageant was a jazz ballet to the "Shaft" theme. She is training to be a dental hygienist and has applied for admission to further courses in her major at the University of Southern California.

Attorney To Address City Chamber

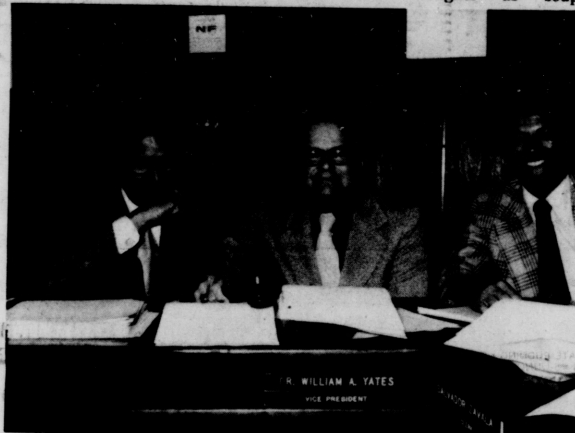

A unique and informative look at "Law and Business - The not so strange bedfellows" will highlight the Placentia Chamber of Commerce general membership luncheon April 17 at Alta Vista Country Club, announced David Crespin, Chamber President.

The guest speaker will be attorney Ray Hendrickson, who is associated with an Orange law firm. He will address himself to the current relationship between the law and business, and identify and answer some of the most common legal questions raised by business people.

The 12:15 p.m. luncheon is open to the public, Crespin noted.

Heenan Signed By Cal State

The Cal State Fullerton Athletic Department announced with pride this week that it has signed El Dorado High School's ace basketball player, Kevin Heenan to a national letter of intent. He is the first player to be signed.

Heenan, who has been heaped with honors and praise for two outstanding seasons, was most recently named Player of the Year on

the All CIF 2-A basketball squad. His talents have been singled out for praise on a variety of chosen star teams.

The 6-foot 3½ inch guard averaged over 22 points a game his second championship year, following an outstanding junior season when the Golden Hawks also walked off with the top prize.

Redevelopment Agency Threatens Home

[Continued from Page One]

construction of the Gemco Shopping Center.

The Aguirre family's most recent troubles began about seven months ago when they became aware of Fullerton's proposal to establish a Redevelopment Agency.

"They sent me a letter and it stated," Aguirre recalls, "that your property is subject for the city to negotiate a possible purchase by eminent domain and condemnation."

"The whole area was designated for redevelopment...but the whole area is predominantly apartments," Aguirre points out.

"I already knew that this Gemco Shopping Center was coming here. Rinker Development Company tried to buy the house, but there wasn't enough there to negotiate."

"I went to City Hall in Fullerton and they showed me a sketch that a bank was going in near this house. There is an eating place over there and a bunch of shops here," he points.

"They said, 'Don't worry about it Mr. Aguirre. They didn't really try to buy the house,' Aguirre reports. "A man said he would call back and he never did."

"Paul Berlant, director of the

Redevelopment Agency for Fullerton said, 'We don't need your property...we're going to build a fence around it' and I said 'Fine and dandy, that's all I wanted.' 'We don't need it' and all of a sudden they started bringing in ditch diggers and moving in dirt and I told my wife Dolores, 'I guess they are going to leave us alone.'"

Mrs. Aguirre is the organist for St. Joseph's Catholic Church in Placentia and like her husband grew up in Placentia and is well known in the area. Starting her service as the church's organist in her teens, she has been playing there every week for 30 years.

The couple has four children. Joseph Jr., who is an athletic coach at St. Joseph's Catholic School in Placentia; Michael, 17 who attends Valencia High School, Teddy and Chris.

Continuing a review of his problems with the city of Fullerton Aguirre recalls: "Without any proper notification, my property was being sold or negotiated for with Rinker Company and they were going to sell my property for \$48,000. That was the first time I ever knew," Aguirre reports.

That amount would have to cover the third of an acre of commercially zoned property and the custom built house, Aguirre points out.

Paul Berlant, director of the Redevelopment Agency said that the agency has the powers, invested by the Fullerton City Council to "assemble parcels of land, not for public use, but it has to fit the purpose of redevelopment."

Included in the plan may be the clearing of land, Berlant continued. Involved in the program is the need

to show that the activity is for the betterment of the community, that it represents the common good or that continuing the status quo could represent a danger to someone, he stated.

A danger could be such a thing as difficulty in citizens going past the property, a problem of traffic safety, or danger in going in or out of driveways.

"Public benefits have to be there," Berlant stated, "and it has to fit the purposes or redevelopment." The Redevelopment Agency was put together last December.

Berlant pointed out that the Aguirre home is in a very bad residential environment.

Berlant gives a different figure from the one Aguirre says he has received. Berlant says the property was appraised at \$109,000 but that the Rinker Company were only willing to pay \$73,000 for the package. The Fullerton City Council dropped the matter when the development company refused to go along with the price.

"But it is possible to pick it up again," Berlant states.

Berlant pointed out that certain benefits would accrue to Aguirre if he were to move, such as no capital gains tax on any new replacement property he would buy and special tax and relocation benefits.

Aguirre, who thought when he built his home in the county territory in Orange Groves in 1957 that he would be annexed to Placentia, has had other problems with the city of Fullerton. Just north of the Aguirre home is a Shell Service Station.

"They didn't have enough room there for the driveways coming in and out," Aguirre remembers, "so they changed the ordinance. They put the service station right on the

property line." Aguirre contends "and there are four vents that go into the underground tanks."

"Two or three times a week when the big trucks came and delivered the gas, we used to get fumes coming inside the house...usually this happened in the middle of the night."

"The fumes were overpowering. When it got real bad, Dolores used to bundle up the kids in the middle of the night and take them over to grandmother's and I would stay here waiting outside, afraid that something would ignite."

Aguirre said that over a prolonged period of time, after he consulted the fire department, the pollution board and finally the county health department and threatened to sue, the oil company placed extensions on the vents and moved them further from the house. Since then the severity of the problem has lessened.

He believes that the modification could not have cost the station "more than \$30 or \$40."

Aguirre says he has attended a variety of hearings at the Fullerton City Hall, and has found it difficult to be heard.

He recalls one time in 1969, concerning the service station, when Ralph Diedrich was a Fullerton council member (now Chairman of the Orange County Board of Supervisors) when Diedrich demanded: "Let that man talk. He's got his property at stake here and I want to know what he has to say."

He voted against the whole thing, Aguirre remembers.

Aguirre does not know what the future holds for his family but said this week that he hopes to get the message across to other citizens of Fullerton "who might get hurt by

Homeowners Choose Special Committee

The Lynridge Homeowners Association recently held their annual reorganization meeting at Bernardo Yorba School. Dale Hartmann served as chairman of the special meeting. During proceedings, members selected a nominating committee for the purpose of choosing a slate of candidates to run for office.

An attempt was made to choose an individual from each street in the tract. Those chosen included: Gordon Strickland of Ca-

price Drive; Bruce Bowman of Manor View Drive; Marty Anderson of Villager Circle; Earl Spencer of Le Mans and Pat Strong of Manor View Drive.

Irwin Fried of Burleigh Drive, who formerly held the office of treasurer in the group, was appointed chairman of the nominating committee.

Guest speaker for the evening was Captain Mike Van Bibber of the State Division of Forestry Station on Lemon Street in Yorba

Linda. In view of the recent fire on Caprice Drive, his appearance was particularly apropos. Van Bibber estimated that his talk would last about half an hour; however, local homeowners kept the Captain busy with questions for well over an hour.

Van Bibber explained the relationship between the State Forestry Service and Yorba Linda's volunteer group, as well as outlining some of his own activities in the community.

PRINCIPAL TARGET--What could be more fun than throwing a wet sponge at your favorite teacher or principal? Fairmont students (left to right) Craig Crenshaw, Jamie O'Neill, Tim Mills, Pete Zatezalo, and Deana Dean prepare to sock it to Mr. McKay and Mr. Travella, who will serve as targets at the school carnival April 19 from 10 a.m. to 3 p.m.

Moon Bounce, White Elephant sale, Pocket Lady and Clown.

ECE Aims At Involvement, New Ideas

Early Childhood Education, California's statewide effort to redesign primary education, has won some strong local support. Mabel Paine School in Yorba Linda--a leader in the ECE movement--has just selected new officers for the local ECE Advisory Committee. Committee members include: Jane Stephenson, chairperson; Donna Ross, vice-chairperson; and Jane Igouchi, secretary; Linda Olds, publicity; and Joice Valencia, contact person for ethnic programs.

The ECE program is aimed at encouraging active participation of parents and members of the community. All officers of the local committee are mothers who have elected to devote a few hours each week helping Mabel Paine teachers.

According to state officials, formal elementary

education has been left strictly to certificated teachers who often had to cope with 30-40 students, for too long. Now, parents, retired persons and just about any

interested person in the community can help out in the classroom, or serve on an advisory sub-committee. The goal of the local committees is to gather

ideas on possible changes in education from the creative thinkers in the community. Mabel Paine principal, Albert Stefan, encourages anyone interested in im-

proving the quality of education in local schools to contact him for ways in which they can participate. The school phone number is 528-5751.

Artist Demonstrates Here

Vincent Farrell, who will be guest art demonstrator at the April meeting of the Placentia Art Association has been called one of the giants of art in Laguna Beach.

The influence of the famous Serge Bongardt under whom Farrell studied, can be felt in his work. However, Farrell continues

to change and grow from year to year and his work can only be defined as his own, authorities say. Farrell is intrigued by a wide variety of subjects, using a painterly--even patchy--method of laying on color, ranging from sunny to somber, but always clean and vibrant. His designs tend to be unusual but under an apparently easy facility there lies a compositional precision.

The Placentia Art Association meets on the fourth Thursdays at the Backs Community Center, 201 N. Bradford. The next meeting is April 24th at 7:30 p.m.

Both beginning and experienced artists are welcome to visit the meeting and to join the association which now has 102 members. Members will participate in a contest at the next meeting with ribbons awarded to the winners. This month's subject category is florals.

Farrell's most recent one man show at the Chuck Winter Gallery in Tucson brought this comment from Robert Quinn, Art critic for the Tucson Daily Citizen News. "His still-lives and genre interiors show great

control...the space is well-defined, the brush work secure...and are turned into sheer poetry reminiscent of Bonnard and Vuillard."

Farrell's works are on display each year at the Laguna Beach Festival of Arts, he is the winner of many awards and his work is found in many private collections.

This program is being offered through the co-sponsorship of the Placentia Art Association and the North Orange County Community College District and is open to the public at no charge.

Library Club Needs Books

The recent sale of two thousand books by Placentia Friends of the Library upped the figures in the black column but nearly depleted the stock for their Annual Book Sale, the group reports.

The organization has sent out a plea not to throw any books away. In fact, if book shelves are bulging, a shelf-cleaning is suggested. Such books or encyclopedias, condensed Reader's

McMahan On Honor Roll

Some 2,000 Southern Methodist University students are being recognized for their academic achievements during the past semester, including John Arthur McMahan from Yorba Linda.

McMahan's parents, who live at 4371 Dorthea, are receiving official notification from the University this week that he has achieved SMU's annual "Honor Roll" of scholars with high grade averages.

Digest, foreign language books or magazines and children's books are quickly turned to cash to aid the Friends in their supportive work to the new Placentia Library and the community. the group advises.

Recent projects include

the purchase of a piano and a public address system for the Library Meeting Room. Several cultural programs and activities are also sponsored throughout the year.

Books may be deposited in the "Treasure Chest"

People, Places And Things

BY JUDY BRANSTAD

VISITORS FORM WISCONSIN

Mr. and Mrs. Ed Juel of Placentia have company from Milwaukee, Wisconsin. Mrs. Juel's parents, Mr. and Mrs. Arthur

Wilhelm are visiting the Juels for a month.

The entire Juel family, including daughters Kim, Karen, and Mrs. Bill Sauls went to Las Vegas during Easter week. Luck was kind to the Juels as both won big jackpots on the slot

machines. Miss Kim Juel is an Elvis Presley fan and was fortunate to see not only one, but three of his shows at the Hilton.

After their trip to Vegas, the family held a birthday buffet supper to celebrate Mr. Arthur Wilhelm's birthday on April 4. Mrs. Wilhelm will also celebrate her birthday in April, and there is a family party planned for her on April 19.

IT'S A GIRL

Mr. and Mrs. Reginald Kuhn are the proud parents of a baby girl, born April 4, and appropriately named April Nicole.

April was five pounds and eight and one half ounces at birth and 18 inches long. The older siblings, Reginald, Jeffery, and Gina are very excited about their new sister.

SETTLING HERE

Mr. and Mrs. Howard Reed have had guests from Seekonk, Massachusetts, who are on their honeymoon. Mr. and Mrs. Bruce Bowen, were married on March 22 in the east and Mr. Reed was in the wedding party.

Mrs. Howard Reed is not likely to forget the Bowen's anniversary as she had an emergency appendectomy that day at St. Jude's. She had to contact Mr. Reed during the wedding reception to tell him about the emergency operation.

Mr. Bowen has a degree in Chinese from the University of Massachusetts and the couple plan to settle in this area.

FATHER-DAUGHTER NIGHT

Cadette Troop No. 1252 went to Anaheim Stadium for a Father and Daughter Evening on April 5. Instead of the usual banquet, the girls and fathers enjoyed an evening of hot dogs, peanuts, and some fatherly instruction of the game of baseball.

EXPECTING

Sharon and Don Holt announced recently that

MODEL SISTERS--8 year old Jennifer Jones and her 6 year old sister Melissa practice their poses for the Morse fashion show April 19 at 1 p.m. The girls are the daughters of Mr. and Mrs. Bob Jones of Placentia, and will model these dresses made by their mother.

Home Sewn Fashions

Morse Avenue Elementary School PTA is sponsoring a Mother-Daughter Fashion Show on Saturday, April 19 at 1 p.m. at the school.

This year's theme is "Patchwork Affair" and all fashions to be modeled by Morse students and moth-

ers are home sewn. Also to be included are a fashion forecast for the spring and summer, dessert and door prizes, according to Pat Flett and Sheron Kenton, co-chairmen.

Tickets will be on sale at the school April 17 and 18 from 8:30 to 9:30 a.m.

I attended the First Annual "Cherchez La Femme" held in the city of La Habra in honor and awareness of the Year of the Woman.

Presented in conjunction with the city, approximately 100 women from the immediate areas attended the well-presented all-day program.

Mayor Pro Tem, Robin Young handled the entire program with a pleasant dignity. Planned to be an educational as well as a social function, both needs were met. Speakers for the day included Miss Young, speaking on the role of Women in Government. Mrs. Barbara Grider, president of the Woman's Division of the La Habra Chamber of Commerce contributed on "Women in Business". Lee Risner, City Manager discussed "Affirmative Action" in regard to the overall makeup of the city. "The Senior Experience" was well-viewed by Majorie Ruth. Highlight of the morning session was guest speaker, Carol Sapin Gold, lecturer, author whose topic was "If You Don't Stay Green, You Can't Grow", talking about the attitude of men and women in the business world, and how to succeed in a man's world.

After lunch, the afternoon session included, Bernice Hird, "Women in Business Profit and Non-Profit"; Helen Young, "Counterpoint, The Way

Local Man Directs Concert For Released Time

"Stravinsky's Symphony of Psalms" will be one of the most difficult compositions I have yet attempted with the Orange County Master Chorale", said director Dennis Houser of Yorba Linda. "Stravinsky relies mainly on counterpoint with choral and instrumental groups getting equal attention. The style is bleak, austere and objective—the austerity further intensified by the instrumentation

which uses strings other than violins and violas to fill out the tonal structure. Many consider this work one of Stravinsky's best." The chorales "Music Of The Baroque Mass" concert, with symphony, will also include Pergolesi's "Magnificat" with soloists Bob Lewis, baritone, Dick Pascall, tenor and Chris Ruffner, soprano and the Haydn "Missa Brevis". The Orange Chamber Cho-

rale will present the "Salve Regina" by Scarlatti. The concert will be a benefit for the Released Time Christian Education organization. This independent organization works under a board whose members come from supporting churches. Their purpose is to reach boys and girls and teach them of Christian precepts and history. The organization

principally derives its income from supporting churches, paper drives and interested individuals. The concert will be presented Saturday night, April 19 at 8:15 p.m. at the First Baptist Church of Santa Ana, 1010 W. 17th Street. Tickets are \$2.50 and available through the church office or at the door. Special group rates are available through the chorales business office.

Pop Warner Signups Begin Today

Open registrations for Placentia-Yorba Linda Pop Warner Football will begin this evening, Wednesday, April 16 at 6:00 p.m. at the Backs Building in Placentia, located on Bradford Avenue just north of Chapman Avenue.

All boys between the ages of 8 and 13 who weigh between 50 and 120 pounds are eligible to sign up. Registrations will be taken on a first come first serve basis until all of the eight

teams are filled. Boys in these age and weight brackets are urged to get down this evening and get registered for the coming 1975 season. Parents, who should accompany their sons to register, may use their BankAmericard to take care of the registration donation. "The Placentia-Yorba Linda Pop Warner organization is very grateful to the Bank of America for extending this privilege to the parents of Pop Warner

boys," according to coach Ed Israel.

Open registrations will continue on Saturday, April 19, at the Backs Building from 10:00 a.m. to 4:00 p.m. Final day for registrations will be on Saturday, April 26 at the Backs Building, also from 10:00 a.m. to 4:00 p.m. Registrations tonight will close at 9:30 p.m.

"This is the third season for Placentia-Yorba Linda Pop Warner and its success and growth has been

phenomenal," said Israel. In the second year of operation the Aztecs, a local Midget team, were able to become the number one ranked Midget team in the nation by virtue of a 31-8 victory over the previously ranked Oakland Dynamites. This game took place last November 30, 1974. In the first year, 1973, the Pee Wee Tigers were league champions.

Boys signing up for Pop Warner will be placed in the

following divisions according to their age and weight: Junior Pee Wee division—eight, nine and ten year olds who weigh between 50 and 80 lbs.; Pee Wee division for nine, ten and 11 year olds, between 65-95 lbs.; Junior Midget division for ten, 11 and 12 year olds between 75-110 lbs.; and the Midget division for 11, 12 and 13 year olds who weigh between 85 and 120 lbs.

All ages are calculated as

of August 1 of the playing year. Placentia-Yorba Linda Pop Warner will have two Junior Pee Wee teams, two Pee Wee teams, two Junior Midget teams and one Midget team. All boys who register will play since Pop Warner is a no-cut program.

All boys are urged to get down to the Backs Building this evening and sign up for the 1975 Pop Warner season.

HORSE TALES

By Joan Johnson

I received a very nice letter from one of my readers who asked me a whole bunch of questions. I'll attempt to answer these in hopes that this information will be of interest to other readers as well.

She asked about local equestrian clubs. There are three that I know of. El Rodeo Riding Club, located on Carbon Canyon Road, has been in existence for years. There was quite an article about this club printed in the Star not too long ago. Their address is: El Rodeo Riding Club, Ltd., P.O. Box 424, Yorba Linda. Yorba Linda Country Riders Corral #94 of Equestrian Trails holds their monthly meetings the fourth Tuesday of the month at 7:30 P.M. in the multi-purpose room of the library. I'm sure they would welcome any guests and prospective members at their meetings. By the way, I plan to do an article on Equestrian Trails in the near future. The third club is the Yorba Linda Cloverleaf 4-H Club. They have quite an equestrian group. I would also like to do an article on this club, but, in the meantime, you can contact Mrs. Coren Kittredge at 528-7750 for more information.

The next question this reader asked was, "What about organized rides?" Quite frankly, I don't know of any that are held here in town. Hidden Hills Stables used to have a monthly trail ride that was really fun, but they discontinued these and I don't know of any plans for future rides. Corral 94 might be of assistance to you in this case. I think they occasionally have rides.

Apparently, this young lady had difficulty last summer in finding a local veterinarian who would treat her lame horse. I have used most of the following veterinarians at various times over the last ten or twelve years and I highly recommend each one of them. Dr. Seeley (521-5474); Dr. Gleason (524-6530); Dr. Gordon, Dr. Clark and Dr. Edwards can all be reached at 637-0738.

The final question in this letter was, "Is there a map showing the trails in town?" Yes, there is a Master Plan of Trails map available at City Hall for \$2.50 each. This map, however, also includes proposed trails, so you would have to check out the ones already in existence. There was also an article regarding our trails in the April 2 issue of the Star.

The stork has struck again! Our next door neighbors, the Nagel family, were presented with a cute little colt by their Thoroughbred mare on March 31. One day earlier and the Easter bunny could have delivered it!

Featured artists will be former Troy student Becky Warner, soprano soloist from Cal-State University at Fullerton, and Mr. David Test, administrative vice-principal at the school. Mr. Test, a baritone soloist, will perform the well-known spiritual, "Nobody Knows the Trouble I've Seen" with the Symphonic Choir.

The choral concert will be held on Friday, April 18 at 8:00 p.m. in Plummer Auditorium, located at Chapman and Lemon Streets in Fullerton. Tickets are only \$1.00

El Dorado Thespians

Win 'Oscars'

Actors from El Dorado High School in Placentia don't have to act to look happy as they admire the awards they brought home from the 19th annual Theater Festival at California State University, Long Beach recently.

The Golden Hawk thespians were the only entrant among the nine competing schools to win three different awards, reported teacher Gai Laing.

PUT SOME LIFE IN YOUR OLD CAR:

ReTIRE IT.

Buy Michelin "X" steel belted radials from Miller Tire and get one year's worth of free services. If you're like most people, this is not the year to buy a new car. You're probably wondering how to keep the car you have in good shape.

Well, Miller Tire has a timely suggestion: ReTire it. With Michelin steel belted radials. Right now, through May 17, Miller's Michelins are on sale. And when you buy four, we'll also give you all these tire life-lengtheners absolutely free:

We'll give you align. Free. Say you nudge a curb or race over a few speed bumps. Throws your front end out, right? Faulty alignment causes tires to wear unevenly. But as many times as that happens, we'll give you another alignment. **Free.** For a full year (excluding parts, if needed).

Check the Rate of Inflation. Free. Under or over-inflated tires wear unevenly, and reduce a tire's tread life. Any Miller ReTirement specialist can tell how many psi's your tires need. So we'll help you check pressure regularly. With a free air gauge. The pressure's on us.

We hope these suggestions have helped you decide that ReTiring your car now with a set of Michelin steel belted radials can save you

lots of money. Now and later. In fact, when you're on Michelins, we probably won't see you again for another 40,000 miles or so. That's OK by us. We're not out just to sell you tires. We're out to keep you and your car safe and sound. For years to come.

E. Pluribus Miller. Miller Tire has built a solid reputation with reliable customer

service, quality tires like Michelin "X" radials, and low prices. And we've been building it since 1920.

That makes us one of the oldest, most trusted outfits in the county. So come in to one of Miller Tire's five locations in Orange County. Now's a great time to ReTire your old car.

"Ageless Youth" Is Lecture Topic Here

"Ageless Youth" is the topic of a free public lecture on Christian Science in Yorba Linda next week.

A Christian Science lecturer from Seattle, Washington, David C. Driver, C.S.B., will speak at 8:00 p.m. Thursday, April 24 in Yorba Linda District Library Multipurpose Room under the auspices of Christian Science Society of Yorba Linda.

"When you know that youth and maturity are mental and spiritual qualities," Driver will say, "you will find that you can't lose them to the past nor do you have to wait for them to appear in the future. You find them no longer confined to just limited periods of your life but

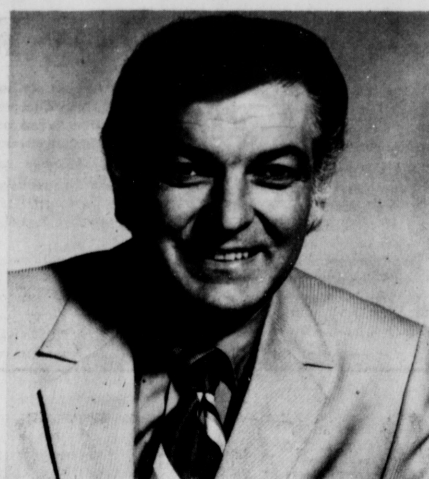

belonging to you all the time."

Mrs. Barbara De Coster, First Reader will introduce Driver. Local arrangements for the lecture are being coordinated by Mrs. Ellen Bissonette, Lecture Chairman.

Driver a native of New Zealand, holds a degree in architecture from the University of Auckland.

Before entering the public practice of Christian Science in 1964, he worked as an architect and planning consultant for many years.

In 1970 he became a teacher of Christian Science. He is currently on an extensive speaking tour as a member of The Christian Science Board of Lectureship.

Paul Green To Pastor Faith Baptist

The congregation of the Faith Baptist Church of Yorba Linda will welcome their new pastor, Rev. Paul A. Green, on Sunday, April 20. He will be preaching at 10:45 a.m. and 6:00 p.m. Everyone is welcome to attend.

Rev. Green comes to Yorba Linda with a considerable experience in several areas of the Christian ministry. Born in Warsaw, New York, as the son of a Baptist minister, his education for the ministry included studies at Barington College, Providence, Rhode Island; Gordon College, Boston, Mass.; Pacific College, Fresno; Northern Baptist Seminary, Chicago, Ill. He received the Th.B. degree from the California Graduate school of Theology in Glendale, and will be awarded the M.A. degree from the same school this May.

Rev. Green's public ministry began in youth evangelism with Youth for

Christ, International, serving as YFC Director in Fall River, Mass.; Dinuba and Fresno, Calif.; and Tucson, Arizona. Attendances at the Saturday night rallies ranged from 700 to 5,000.

He served four years as Associate Pastor of the Baldwin Park Bible Church, Baldwin Park, where he met and married his wife.

Dewanna, then a student at Azusa Pacific College, Azusa, California.

For four years (1959-1963), Rev. and Mrs. Green traveled together, he serving as evangelist, and she assisted as soloist and pianist. Crusades were conducted in eighteen states with many making decisions for Christ.

Rev. Green believes that the primary task of the local church is to reach those who have not as yet received Jesus Christ as Saviour and Lord.

The Greens have three children, Paul Jr., 17, who will graduate from Los Angeles Baptist High School in June, Howard, 14 and Deborah 9.

No Protest In Weed Abatement

The good folk of Yorba Linda are becoming either very civi-minded or very apathetic. Such at least might be concluded from their response to the city's spring weed abatement program.

Monday night was the time for anyone who felt he was being unjustly used in being required to remove weeds from his property or to foot the bill for the city's doing same to grouse to City Council. But no one showed up!

Although removal by the city was due to begin this week, assistant city engineer Richard Polen explained that extensions were given persons requesting extra time to allow them to clear their property. In any event, he continued, city removal would be delayed one to two weeks because of recent rain.

A total of 556 parcels of land were cited for posing a nuisance because of weeds.

Recreation Registration Saturday

Saturday, April 19 will be the first day of registration for the Placentia Recreation Department's Spring classes.

The special Saturday registration day will be held at the Backs Community Building at 201 North Bradford Avenue from 8 p.m. until 12 noon. Registration will continue the following week from 8 a.m. until 6 p.m., Monday through Friday at the Recreation Department office at 117 North Main.

Registration must be completed in person. No telephone or mail registrations are accepted. For further information, please call 993-8232.

New Pump Aimed At Conservation

An electrical pump on well number 11 at the south end of Richfield Road is being replaced with a natural gas powered engine by the Yorba Linda County Water District.

General Manager Ralph Shook said the switchover will cut energy costs at the pump by 50 per cent.

It is the second well pump to be converted by the district in its continuing drive to conserve energy and cut energy costs, Shook said.

In the preliminary planning stage is a move to place a gas operated booster pump at plant number two on Highland Avenue which will cut energy costs there by 50 per cent, according to Shook.

"The projects are part of the district's overall plan to reduce energy costs and conserve power wherever possible," Shook explained.

Katherine Yarbrough To Be Honored By Realtors

Katherine Yarbrough, 84, the oldest active member of the North Orange County Board of Realtors, will be honored by that organization at its general membership meeting at 8 a.m. Tuesday, April 22.

If weather permits, the meeting will be held at Heritage House, located in the arboretum area of California State University, Fullerton, Yorba Linda Boulevard and Associated

Road.

(Inclement weather will move the festivities to the Fullerton Elks Club, 1451 Brea Boulevard, Fullerton.)

Mrs. Yarbrough, who lived across the street from the Heritage House for years at its original site, reorganized the North Orange County Board of Realtors in March, 1944 when there were 66 members. She was board secretary from 1944 to 1945

and was a state director for over 30 years.

Born March 17, 1891 in Connecticut, she is a graduate of Smith College. During World War I, she and several college friends signed up for canteen work overseas. It was overseas that she met Arthur Lafayette Yarbrough, who came home from the war in 1919 to marry Katherine Wood.

Partners in real estate

until her husband's death in 1971, the two moved to Fullerton in 1929. "Just in time for the nation-wide crash."

Heritage House, a Victorian cottage, was built by Dr. George C. Clark in 1894 and faced demolition at its location at 114 North Lemon Street, Fullerton because it was in the way of the Lemon Street widening.

Concerned residents and civic groups headed by the

North Orange County Board of Realtors joined forces to save the gingerbread structure and had it moved last December to Cal State Fullerton's 25-acre arboretum site at Yorba Linda Boulevard and Associated Road.

The preservation and restoration project got under way with the realty board and the city jointly donating \$5,000 to move the house, considered to be of

historical value as one of the first homes built in the city.

The colorful history of the city's second dwelling is contained in a chain of title given to the realty board by the First American Title Insurance Co. in Santa Ana.

Now being preserved as a museum depicting Fullerton's early days, the Heritage House originally was built on a mustard weed-covered lot in 1894.

Originally, the frame structure faced Amerige

Avenue at the corner of Harvard Avenue. Sometime prior to 1926, the home was moved to the rear of the property and was turned to face Lemon Street. The city approved acquisition of a portion of the parcel at 114 N. Lemon Street on June 20, 1972, to widen the street. This deed was recorded August 9, 1972.

Mayors and other dignitaries, including Placentia Mayor Robert Lyons and Yorba Linda Mayor Carolyn Ewing, have been invited to attend the special event in honor of Mrs. Yarbrough.

ORDINANCE NO. 75-0-102

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF PLACENTIA AMENDING CHAPTER 10.44 BY ADDING THERETO CHAPTER 10.44 REGULATING NEWSRACKS ON PUBLIC RIGHTS-OF-WAY

THE CITY COUNCIL OF THE CITY OF PLACENTIA DOES ORDAIN AS FOLLOWS:

Section 1.

That Title 10 of the Placentia Municipal Code, and the same is hereby amended by adding thereto a new chapter, Chapter 10.44, reading as follows:

CHAPTER 10.44
NEWSRACKS ON PUBLIC RIGHTS-OF-WAY

Section 10.44.010 Purpose and Intent

The Council of the City of Placentia finds and declares that:

(a) Coin vending machines placed upon public property in a location which unreasonably interferes with, or impedes, the flow of pedestrian or vehicular traffic create a nuisance which jeopardizes the safety of the citizens of the City of Placentia by preventing safe passage to and from public sidewalks, public streets, roadways, or parkways.

(b) The public display of pictorial material depicting nudity and sexual conduct in publications contained in newsracks located on public rights-of-way is patently offensive and harmful to passersby when readily visible to them, and is detrimental to a healthy moral environment to which persons of the City of Placentia are entitled.

(c) Such public displays are thrust indiscriminately on children and unwilling adults and constitute assaults upon individual privacy.

(d) Every person is entitled to use the public rights-of-way in the City of Placentia without being subjected to such public displays.

(e) Such public displays constitute a public nuisance.

(f) The provisions and prohibitions hereinafter contained are enacted in pursuance of and for the purpose of securing and promoting the public health, safety, morals, and general welfare of the persons in the City of Placentia in their use of public rights-of-way.

Section 10.44.020 Definitions

For the purpose of the provisions of this Chapter concerning newsracks on public rights-of-way hereinafter set forth, the following words and phrases shall be construed to have the meanings herein set forth, unless it appears from the context that a different meaning is intended:

(a) NEWSRACK shall mean any self-service or coin-operated box, container, storage unit, or other dispenser installed, used or maintained for the display, sale or distribution of publications.

(b) STREET shall mean all that area dedicated to public use for public street purposes and shall include, but not be limited to, roadways, parkways, alleys and sidewalks.

(c) ROADWAY shall mean that portion of a street improved, designed or ordinarily used for vehicular travel.

(d) PARKWAY shall mean that area between the sidewalks and the curb of any street, and where there is no sidewalk that area between the edge of the roadway and the property line adjacent thereto. Parkways shall also include any area within a roadway which is not open to vehicular travel.

(e) SIDEWALK shall mean any surface provided for the exclusive use of pedestrians.

(f) NUDITY shall mean the showing with less than a fully opaque covering of the genitals, pubic hair, buttocks, natal cleft, perineum, anus or anal region of any person, other than a child under the age of puberty, or any portion of the breast at or below the areola thereof of any female person, other than a child under the age of puberty.

(g) SEXUAL CONDUCT shall mean an act of sexual intercourse, masturbation, homosexuality, sodomy, bestiality, anal intercourse, oral copulation, flagellation, or other act of sexual arousal involving any physical contact with a person's clothed or unclothed genital, pubic region, pubic hair, buttocks, natal cleft, perineum, anus or anal region, or, if such a person be a female, breast.

(h) PICTORIAL MATERIAL shall mean any pictorial material, photograph, painting or drawing, which is not limited to, a photograph, painting or drawing, which is dedicated to use by the public for pedestrian and vehicular travel, and includes, but is not limited to, a street, sidewalk, curb, gutter, crossing, intersection, parkway, highway, alley, lane, mail, court, way, avenue, boulevard, road, roadway, viaduct, driveway, tunnel, bridge, thoroughfare, park, square, and any other similar public way.

Section 10.44.030 Prohibitions

(a) No person shall knowingly place, maintain, or cause to be placed or maintained, in any newsrack which rests in whole or in part, upon, in or on any portion of a public right-of-way, or which projects into, into or over any part of a public right-of-way, any publication or material which while in said newsrack exposes to public view any pictorial material which depicts or appears to depict nudity and actual or simulated sexual conduct.

(b) No person shall install, use or maintain, or cause to be installed, used, or maintained any newsracks or other structure which projects into, into or over any part of the roadway of any public street, or which rests, wholly or in part, upon, along or over any portion of the roadway or any public street.

(c) No person shall install, use or maintain, or cause to be installed, used, or maintained, any newsrack which in whole or in part rests upon, in or over any public sidewalk or parkway, when such installation, use or maintenance:

(1) endangers the safety of persons or property; or

(2) unreasonably interferes with or impedes the flow of pedestrian or vehicular traffic, including any legally parked or stopped vehicle; or

(3) unreasonably interferes with or impedes the ingress into or egress from any residence or place of business, or the use of poles, posts, traffic signs or signals, hydrants, mailboxes, or other objects permitted at or near the location; or

(4) interferes with the cleaning of any sidewalk by use of mechanical sidewalk cleaning machinery.

Section 10.44.040 Standards

Any newsrack which in whole or in part rests upon, in or over any public sidewalk or parkway, shall comply with the following standards:

(a) No newsrack shall exceed five feet in height, thirty inches in width, or two feet in thickness.

(b) Newsracks shall only be placed near a curb or adjacent to the wall of a building. Newsracks placed near the curb shall be placed no less than eighteen inches nor more than twenty-four inches from the edge of the curb. Newsracks placed adjacent to the wall of a building shall be placed parallel to such wall and not more than six inches from the wall. No newsrack shall be placed or maintained on the sidewalk or parkway opposite a newsstand or another newsrack.

(c) No newsrack shall be chained, bolted or otherwise attached to any property not owned by the owner of the newsrack, or:

(1) Within three feet of any marked crosswalk.

(2) Within fifteen feet of the curb or edge of any unmarked crosswalk.

(3) Within three feet of any fire hydrant, fire call box, police call box or other emergency facility.

(4) Within three feet of any driveway.

(5) Within three feet ahead of, and fifteen feet to the rear of any sign marking a designated bus stop.

(6) Within three feet of any bus bench.

(7) At any location whereby the clear space for the passageway of pedestrians is reduced to less than four feet.

(8) Within three feet of any area improved with lawn, flowers, shrubs or trees or within three feet of any display window of any building abutting the sidewalk or parkway or in such manner as to impede or interfere with the reasonable use of such window for display purposes.

(d) Newsracks may be chained or otherwise attached to one another; however, no more than three newsracks may be joined together in this manner, and a space of no less than eighteen inches shall separate each group of three newsracks so attached.

(e) No newsrack or group of attached newsracks allowed under paragraph (d) hereof shall weigh, in the aggregate, in excess of one hundred twenty-five pounds when empty.

(f) No newsrack shall be used for advertising signs or publicity purposes other than that dealing with the display, sale or purchase of the newspaper or news periodical sold therein.

(g) Each newsrack shall be maintained in a clean, neat and attractive condition and in good repair at all times.

Section 10.44.050 Identification

Within thirty days after this chapter becomes effective, every person or other entity which places or maintains, or causes to be placed or maintained, a newsrack on the streets of the City of Placentia shall have his or its name, and current address and telephone number affixed thereto in a place where such information may be easily seen.

Beauty Pageant

"Through these portals pass the most beautiful girls in the world," to quote Mr. Florenz Ziegfeld.

"On this stage will be presented the most beautiful girls in Placentia," claimed James Reece, manager of Wineman's Department Store and president of the Placentia Chamber of Commerce. Reece will be Master of Ceremonies for the upcoming Miss Placentia Pageant. The stage in reference is the one at Valencia High School where this year's pageant will be held on Saturday, May 24, at 7:30 p.m.

Reece is quite certain his prediction will come true, based on the high enthusiasm and interest shown by girls who attended the assemblies at the local high schools last week.

Capturing their attention was the showing of portions of a video tape of the recent Miss Orange County Pageant. The high point at each assembly was the question-answer period when previous Placentia winners Rebecca Cordell, Heather Cole and Tami

Harman were on hand to talk of their experiences and to give tips on how to win points in scoring.

"We were a little uncertain that we could pull off such a big show at first," said David Crespin, Chamber President, "but the fine work of this committee has reassured us it will be a success."

Applications are available at the Chamber office, 127 South Bradford Avenue, to any female Placentia resident between the ages of 17 and 26. Finalists will be limited to twenty one girls.

Mrs. Sanneman To Attend PTA Convention

Charles Wagner PTA will send Gayle Sanneman, President elect, to the State PTA Convention in Los Angeles. The convention will be held at the Statler-Hilton Hotel, April 30, May 1 and 2. The theme for this year is "Our New Look".

The power of one vote was vividly demonstrated in the recent defeat of the Placentia Unified School District Bonds. School officials estimate unofficially that two more yes votes in each precinct would have passed the 20 million dollar bond issue. I feel a certain empathy with our die-hard, never-give-up school trustees who immediately voted to have another go at the ballot. The measure will be back before us on the May 27 ballot.

Open and Shut

Economically, I see it as an "open and shut" issue. If you vote for school bonds, you are in effect voting for higher property values. No knowledgeable person will deny that your home value and my home value is tied directly to the availability and quality of schools provided our children.

Thus far, we can be proud of the schools, teachers, administrators, school board trustees and employees. They are operating with less revenue per child than any other unified school district in Orange County. In addition, the District has had the monumental task of absorbing an average of 1,000 students every year since 1963, and the best estimates show an additional 4500 students entering our schools in the next five years.

To house these students four new elementary schools, one junior high, and one senior high school will be required. This basically is what you will be voting for or against on May 27. The Placentia Unified School District badly needs your support and, to be fair, they deserve it.

The beautiful part of this is that if the bonds are approved, our tax rate will not change. However, our indebtedness would be increased and extended to 1993, so those using the new schools will be helping to pay for them. That sounds good to me.

Opposition

Those opposing the bonds point to neighboring school districts with declining student enrollment and partially empty schools. This, they declare, is what will happen in Placentia. In 20 years, this may be the situation. In the meantime, it doesn't seem reasonable to put our children into makeshift portable classrooms, or worse, into double sessions. A good education is a birthright we ought to guarantee our youngsters—even if some of them are grumpy teenagers.

Free Bumper stickers

Your free school bond bumper stickers are available at our office at 128 S. Bradford in Placentia. If you believe in good schools as strongly as I do, come in today and get your free bumper banner. Remind your neighbors to vote for the bonds every time you drive down the street. You will be a good neighbor if you do!

Students Clean Up Campus

Trash comes—or goes—in attractive containers at El Dorado High School in Placentia as students launch a concentrated clean campus campaign this week.

Each department at the school is working to fill its decorated trash can, with the first to do so being declared winner of the "Mr. Clean Contest", explained Guy Mannino, director of student activities.

Art department students, under the direction of teacher Margaret Cannon, turned the trash can decorating into an art project, producing 20 of the fanciest garbage receptacles in town, Mannino said.

"The trash cans are so beautiful that adults coming to adult education classes on the campus want to buy them," he added.

TRASH CAN ART—El Dorado students Marc Villarreal, Carol Groth, Kathy Wahl, and Carol McConnell pose with trash cans they decorated under the direction of art teacher Margaret Cannon. The cans are part of the Mr. Clean contest—part of the students clean-up efforts.

Ms. Snow In Art Show

A truly multi-media art show, the work of Deborah Snow, is on display in the Box Gallery, Whitworth College, Spokane, Washington, through April 11.

Miss Snow is the daughter of Mr. and Mrs. David E. Snow, 432 Normandy Avenue, Placentia.

This senior showing and sale of Miss Snow's work includes oil paintings, charcoal drawings, ceramics, and silk screen, puppets and pen and ink works, mobiles, weaving, jewelry, and flower arrangements.

Also on display, is sculpture in a variety of media—clay, plaster, brass, and wood.

The Box Gallery is located in the Fine Arts Building on the Whitworth campus.

KALEIDOSCOPE—is the theme of the El Dorado High School Drill Team's show April 18 at 8 p.m. Posing after rehearsal are (front) Patty Knapp, Mary Carol Belz, (rear) Karen Morgan, Robin Simpson, Sherry Vanc, and Cindy Eberly.

Drill Team Has Show

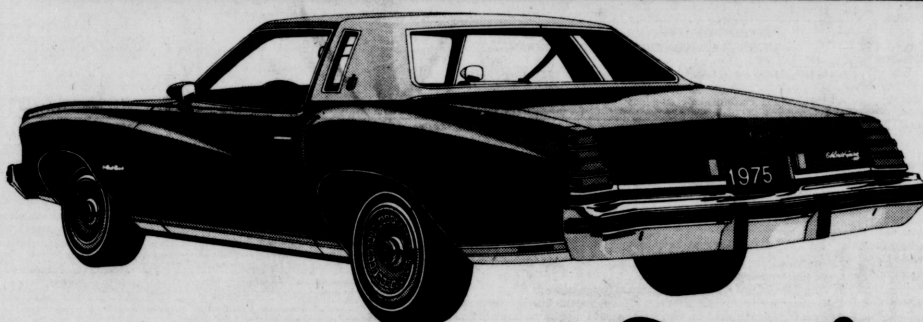

It's that time of year when the El Dorado Drill Team presents its annual show.

This year's show will be different. It is entitled "Kaleidoscope". Each routine is based on a different color found in a kaleidoscope and has a song that will bring the color to life. Colored lighting will be used for more effect. There are a variety of routines; some are military, others are dance, and some are a combination of both.

The show will be held Friday, April 18, at 8 p.m., in the El Dorado High School Gym. Admission will be \$1.25 for adults, \$1 for students with ASB card, and 50 cents for children under 12.
